

Wee Woolie's: "Snowbuddies"

3½" x 3½" ©2016 Kathy Brown, "The Teacher's Pet"

Wee Woolies are wee bits of cotton & wool wrought with a warm heart.

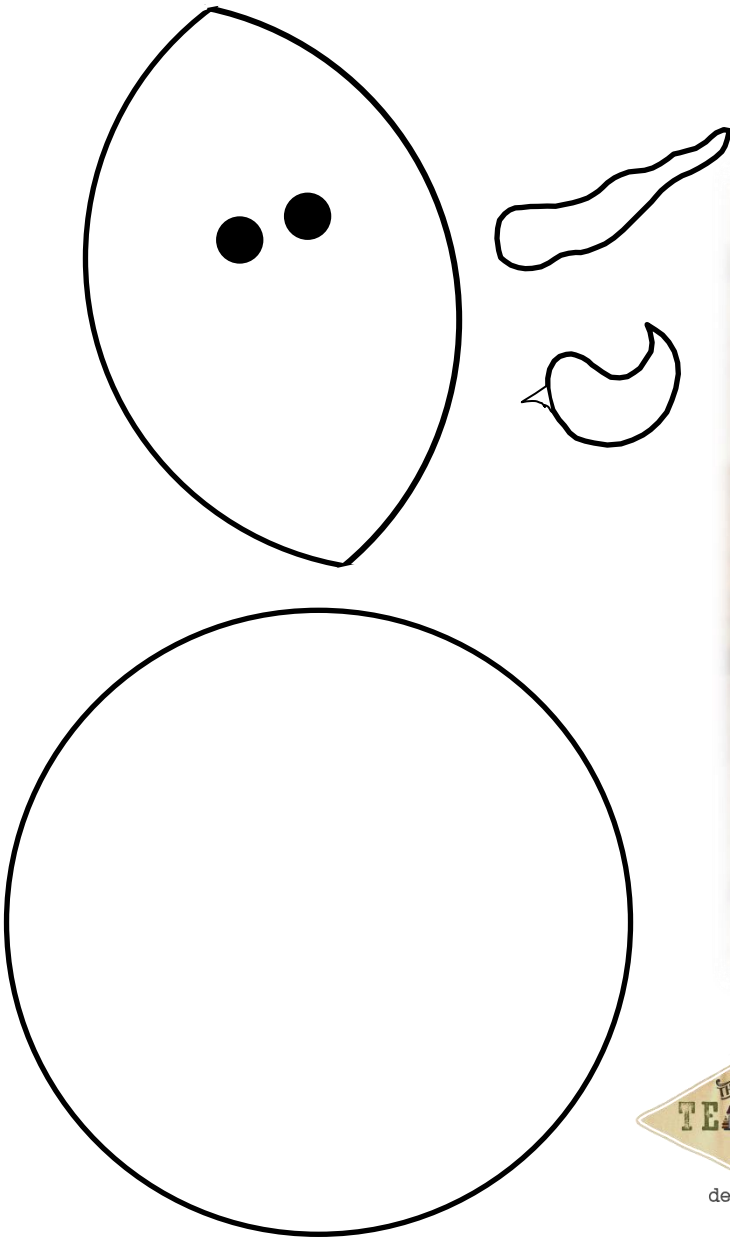

So fast, so fun – why not stitch a little ornament for yourself and one for a buddy?

Materials Required:

1 piece of charcoal wool, 4" x 4" • 1 piece of vanilla bean wool, 3" x 3" • 1 piece of rusty orange wool, 1" x 2" • 1 piece of brick red wool, 1" x 1" • Rustic Moire Wool Thread in colors to match the wool: charcoal (#954), vanilla bean #120, pumpkin #265 and brick #280 (threads available from The Teacher's Pet) • fabric glue • freezer paper • 4" black pie tin (available at craft stores or from The Teacher's Pet) • 2 – 1/8" black buttons for the eyes

Construction:

- ✂ Trace the pattern pieces onto the dull side of freezer paper. Cut out the shapes, leaving a 1/8" border around each shape.
- ✂ Iron the freezer paper shapes to the wool pieces. Cut along the drawn lines.
- ✂ Place a bead of glue on the back of the snowfella, 1/4" inside the raw edge. Place the snowfella onto the wool circle background, followed by the nose and the little birdie. Use the picture below as a placement guide. Stitch his eyes in place.
- ✂ Stitch around the applique shapes with the coordinating threads and your favorite stitch. See the picture below for thread colors.
- ✂ Place a bead of glue around the entire backside of the finished top. Press the finished top into the pin tin.
- ✂ You're done! Enjoy in good health with a warm heart!
