

Wee Woolie Ewe's: "a pumpkin for ewe"

3½" x 3½" ©2016 Kathy Brown, "The Teacher's Pet"

Wee Woolies are wee bits of cotton & wool wrought with a warm heart.

So fast, so fun – why not stitch a little pin tin bowl: a pumpkin for ewe and one for me?

Materials Required:

1 piece of rustic gold wool, 4" x 4" • 1 piece of oatmeal wool, 3" x 3" • 1 piece of brown wool, 3" x 3" • Rustic Moire Wool Thread in colors to match the wool: rustic gold (#210), oatmeal #120, pumpkin #265 and heathered brown #135 (threads available from The Teacher's Pet)

• fabric glue • freezer paper • 4" black pie tin (available at craft stores or from The Teacher's Pet)

Construction:

- ✂ Trace the pattern pieces onto the dull side of freezer paper. Cut out the shapes, leaving a 1/8" border around each shape.
- ✂ Iron the freezer paper shapes to the wool pieces. Cut along the drawn lines.
- ✂ Place a bead of glue on the back of the pumpkin, 1/4" inside the raw edge. Place the pumpkin onto the wool circle background, followed by the stem, the sheep body, the sheep head and legs. Use the cover picture as a placement guide.
- ✂ Stitch around the applique shapes with the coordinating threads and your favorite stitch. See the cover pic for thread colors
- ✂ Place a bead of glue around the entire backside of the finished top. Press the finished top into the pin tin.
- ✂ You're done! Enjoy in good health with a warm heart!

(note: picture shown is the punchneedle version of this design)
